Social Media Management Roadmap

Target Audience

● Purchasing Habits

Understand what drives customer decisions. We analyze buying behavior, preferences, and trends to create marketing strategies that increase engagement and maximize conversions.

● Brand Loyalty

Build lasting customer relationships through consistent branding, personalized communication, and memorable experiences that encourage repeat business and long-term trust.

● Usage Rates

Track how customers interact with your products or services to optimize campaigns, improve customer experience, and increase overall market performance.

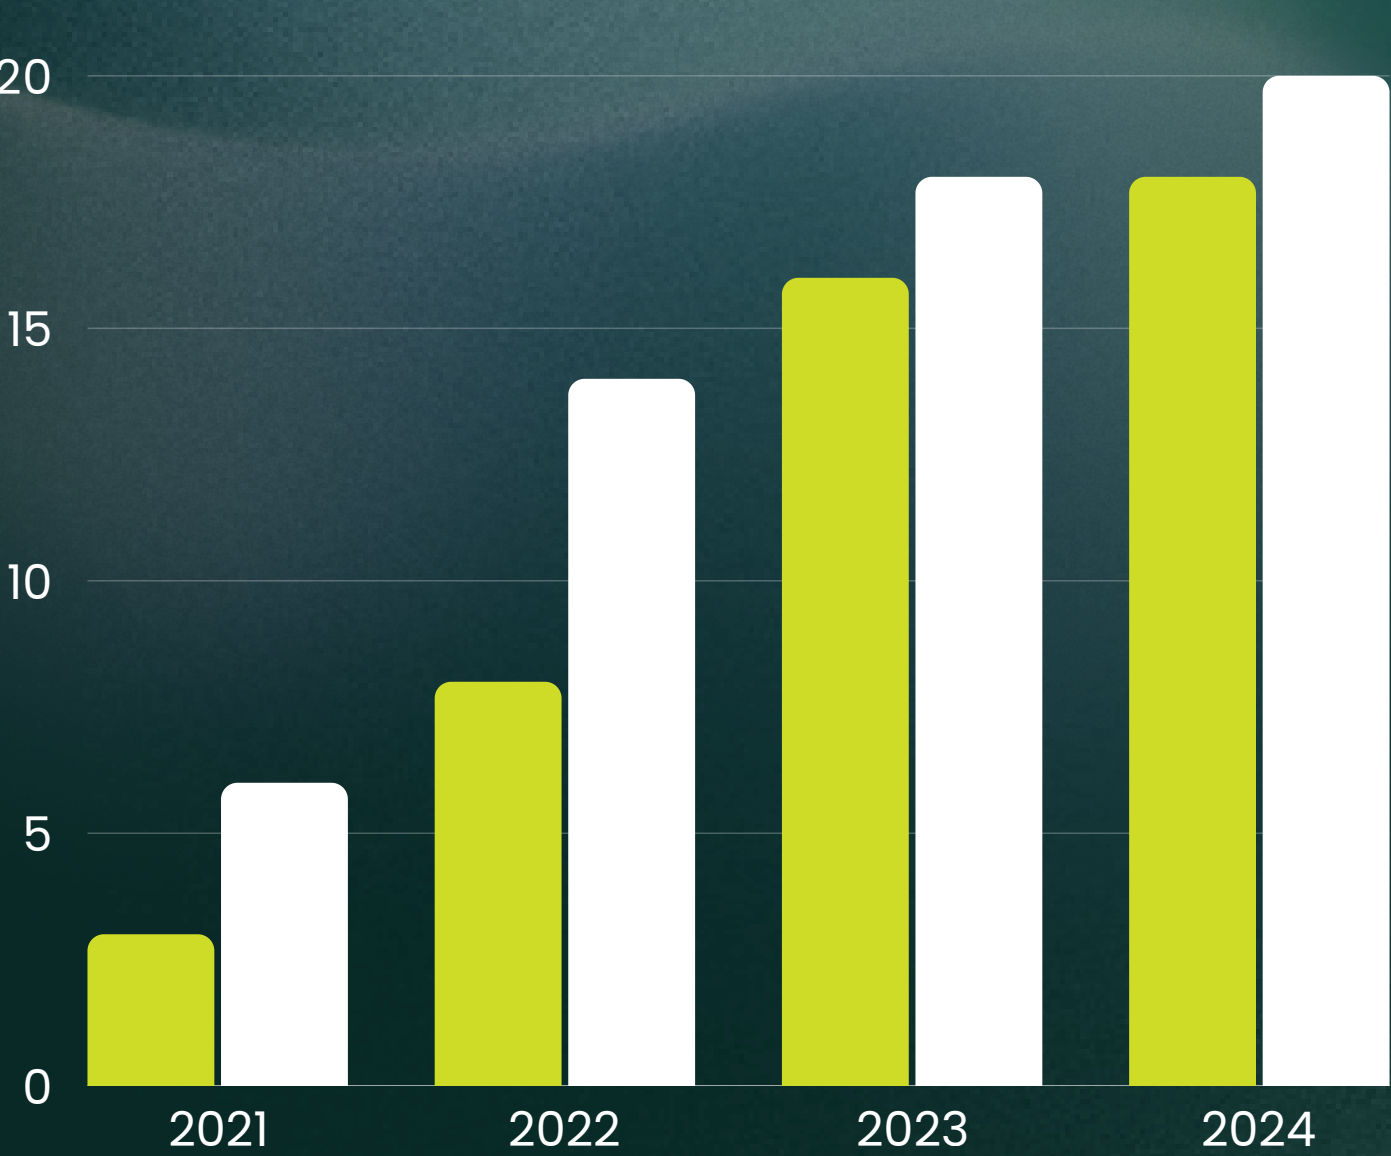

Identifying the right audience is key to successful marketing. By analyzing behavior and preferences, we create data-driven strategies that connect your brand with the right people and drive measurable growth.

KEY PROJECTS

01

PRESTIGE PACKS

Prestige Packs is a reputed food packaging company in UAE, providing high-quality disposable food packaging suppliers. Established in 2011, they are currently the best food package suppliers in Dubai

Prestige Packs approached us to improve their online visibility and search engine rankings. With a focus on SEO:

- We ranked their target keywords on the initial pages of SERP (Search Engine Results Page) within the first few months of working together.
- Enhanced their website's performance, making it faster and more user-friendly. Increased their
- appearances on search results, driving more organic traffic to their site.

Result : Better website performance, higher traffic, and improved online visibility that continues to grow.

KEY PROJECTS

FRESHIVORES

Freshivores is a health focused brand based in Bangalore providing freshly milled spices, flour and oil, free of any added preservatives or additives. With a loyal customer base all over India, Freshivores is slowly developing as the most trusted ecommerce store for pure and healthy everyday ingredients.

Freshivores entrusted us with their marketing needs right from the start. Our contributions include:

- Complete marketing strategy: From ideation to execution.
- SEO Services: Optimized their website content and structure to improve organic search rankings.
- Social Media Page Handling: Managed and grew their online presence on platforms like Instagram and Facebook.
- Performance Marketing: Ran targeted ad campaigns to drive traffic and boost sales.

Result : Freshivores has grown into a recognizable brand with a loyal customer base, thanks to its strong online presence and effective marketing strategies.

KEY PROJECTS

KERALA FLIGHT

Kerala flight academy is the top pilot training program in India, offering advanced pilot course and other aviation courses in Kerala. With over a decade of experience, they have cadets working all across the world.

Kerala flight academy reached us with the need of ranking their website in the initial pages of search results. We understood the need to improve their search engine rankings for keywords and online traffic through search.

- When we started, no SEO was done on the website before hand.
- We connected the website to monitoring tools like Google Analytics and Search Console and started the optimization process for the website

Result: From the initial month itself we saw a huge improvement in search engine ranking as well as better online traffic

Our client, Empire College wanted to position itself on search engine as the leading paramedical and health care education campus in India. We took up their SEO work and

- From day 1 we put in all efforts to rank the keywords on search engine
- To ensure seamless monitoring, we connected the website to tools to track website traffic and new visitors

Result: In just 30 days we were to rank 7 keywords in the first page of search results. The total traffic from SEO reached 56.7% and huge improvements in new website users were also visible

KEY PROJECTS

7 WEALTH

7 Wealth is a leading financial planning services firm in Australia helping Australian citizens with their retirement planning, wealth management, and tax payment. 7 Wealth has branches all over the country and is known for its expert financial advice.

7 WEALTH

7 Wealth had recently revamped their website and though a famous firm in Australia with multiple branches all over the country, their online presence was weak as they had never done SEO. When we started the website was not ranking for any keywords on search engine.

- We started with the basics, providing the most suitable meta titles and descriptions for the web pages.
- We started through monitoring of the website and completed their on page optimizations

Result : Increase in website traffic and overall performance of the website. We were also able to rank the website for chosen keywords within a month.
